

## President's Update

Hello to all Members,

Hope you are all well and there are just a few points I'd like you to catch up on, The upcoming Spring tournaments at Trafalgar and Sale are all go and both Clubs are busy with preparations, these Tournaments are Multi Horse and provide a great opportunity for people to try out some future prospects before the season . Hopefully these early tournaments may become part of the Victoria Polocrosse fixture if they are supported well enough, so make the most of the opportunity if you can.

The Squad, we now have been informed that the Nationals Teams names must be in to Warwick Committee by Jan 31 2012 which will throw a small spanner in our team selection plans for the upcoming Nationals. Do not alter any of your preparation plans for you or your horse because there will only be a minor change to our original plans if we can manage it that way. We will invite all State Selectors to attend a meeting just prior to the next Squad day in late Oct to discuss a plan that will best fit our requirements and give all Squad members equal opportunity for selection. Until such time just proceed as normal and have yourself prepared and ready for selection.

It's just unfortunate for Victoria ,SA and Tasmania this Nationals because we can't play a season and then select, at every Nationals some states are affected because of the time of year that Nationals is held, for the Darwin Nationals for example it may prove to be a situation again. That's just the way it is, sometimes the best laid plans come unstuck and we just have to be flexible and deal with it the best way we can to achieve the right outcome.

The moment we have an updated selection schedule( which will not be a great deal different from the current one) you will be notified.

Moorooduc are spending a small fortune on their grounds in preparation for 2012, if you have any concerns about the Moorooduc Polocrosse Grounds I suggest you contact the Moorooduc Club direct and ask them what they are up to. All I know is that the Club is well aware of work that needs to be done and are in the process of doing at a great rate.

Thanks and best regards,

Mick Jarman

President

Polocrosse Victoria
